August 18, 2020

Dear WPS SMART Board,

West Parry Sound SMART is a transformational, community driven organization, whose accomplishments speak for themselves and all of your hard work. I would, however like to take the opportunity to elaborate on my appreciation and support for WPS SMART.

The volunteers who drive your organization are to be thoroughly commended for their tireless commitment to eliminating the digital divide for our rural communities. The results of your work have and will continue to impact every citizen in each new service zone built through your efforts.

Through your diverse partnerships you have brought four projects to fruition and have two additional projects pending. Please accept my congratulations on each of these successes. Of particular note is your collaboration with municipal partners in West Parry Sound and beyond. I am very pleased to hear of many municipalities moving towards a collective voice to push for inclusive broadband access regionally and appreciate your continued efforts in this regard.

Given our current circumstances quick action has never been more imperative for rural regions than it is now. I happily endorse WPS SMART for their result driven approach. Should the Board wish to share my endorsement with others, I am happy for you to share this letter at your discretion. Thank you for your continued dedication and hard work.

Sincerely,

A handwritten signature in black ink that reads 'Norm Miller'.

Norman Miller,
Member of Provincial Parliament
Parry Sound – Muskoka
